Figure 1. “Tauben von Gurre!” text with musical refrains

| Refrain | Measures | Text | Translation |
|---------|---------------|--|---|
| α | 959–967 | Tauben von Gurre! Sorge quält mich, vom Weg über die Insel her! Kommet! Lauschet! | Doves of Gurre! From the path that crosses the island, sorrow haunts me. Come. Listen. |
| β | 968–971 | Tot ist Tove! Nacht auf ihrem Auge, | Tove is dead. Night is in her eyes. |
| | [Episode I] | Das der Tag des Königs war! Still ist ihr Herz, Doch des Königs Herz schlägt wild, tot und doch wild! Seltsam gleichend einem Boot auf der Woge, wenn der; zu des Empfang die Planken huldigend sich gekrümmmt, des Schifffes Steuer tot liegt, verstrickt in der Tiefe Tang. Keiner bringt ihnen Botschaft, unwegsam der Weg. | Her eyes were the king's daylight. Her heart is still, But the King's heart beats wildly—it is dead, yet wild. It is strangely similar to a boat in the waves, when its crooked gangplank greets the helmsmen in homage. The ship's steering is dead, entangled in the seaweed's depths. No one brings them the message: the way is impassable. |
| | | Wie zwei Ströme waren ihre Gedanken, Ströme fließend Seit' an Seite. Wo strömen nun Toves Gedanken? Die des Königs winden sich seltsam dahin, Suchen nach denen Toves, finden sie nicht. | Their thoughts were like two streams, Streams flowing side by side. Where do Tove's thoughts now flock? The wind curls the King's thoughts strangely As they look for Tove's, but do not find them. |
| α | 1016–1019 | Weit flog ich, Klage sucht' ich, fand gar viel! | Far have I flown, sorrow have I sought, and found it aplenty! |
| β | 1020–1022 | Den Sarg sah ich auf Königs Schultern, Henning stützt' ihn; finster war die Nacht, Eine einzige Fakkell brannte am Weg; die Königen hielt sie, hoch auf dem Söller, rache begierigen Sinns. Thränen sie nicht weinen wollte, funkelten im Auge. | I saw the coffin on the King's shoulders. Henning supported him. The night was dark. A single torch lit the way. The Queen held it from above, on her balcony, with the desire for revenge in her eyes. Tears she did not want to shed sparkled in her eyes. |
| α | 1035–1038 | Weit flog ich, Klage sucht' ich, fand gar viel! | Far have I flown, sorrow have I sought, and found it aplenty! |
| | [Episode III] | Den König sah ich, mit dem Sarge fuhr er, im Bauernwams. Sein Streitross, das oft zum Sieg ihn getragen, zog den Sarg. Wild starrte des Königs Auge, suchte nach einem Blick! Seltsam lauschte des Königs Herz nach einem Wort. | I saw the King riding with the casket, wearing a peasant's cloak. His battlehorse, which had taken him to victory, pulled the coffin. The King's eyes flashed wildly, looking for a glance. The King's heart listened for a word. |
